Dillenger 6,500W conversion kit (TC4065-90A)

Customer name: _____

Customer email address: _____

I, the customer, undertake to indemnify Dillenger Pty Ltd (and any agents of Dillenger) against all liabilities for claims, demands, actions, suits, losses, costs, charges, expensive, damages, death, and personal or property injury caused by the above products.

I understand the danger involved with high powered and high voltage electric vehicle component and the real risk of damage to components.

I understand that the forces generated from these electric components may result in frame failure for inadequate frames not suitable for use with these products.

I have read the manual for the product and will ensure all steps are taken as described and that only the recommended Cycle Analyst settings will be used.

I understand that not using these recommended settings may result in premature component failure, which will not be covered by warranty.

I understand the risk of Lithium ion battery packs and will ensure that the battery is charged in a safe charging location where should the unlikely event of a fire occur, the damage will be isolated to only the battery pack and charging station.
